

Rotoluxe™

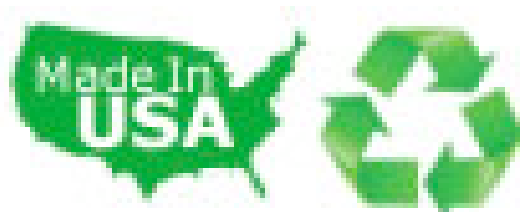

Rotoluxe illuminated merchandise podiums

Get the maximum exposure and “looks” at your merchandise with Rotoluxe’s merchandise stands. These pedestals are all-new, modern and give your displays the “WOW” factor needed to catch consumer’s attention. Rotoluxe’s ten different sizes and shapes add up to countless combinations for your store’s window and in-store display needs.

Rotoluxe’s illuminated stands are strong enough to hold anything (products, mannequins), are stackable and made of 100% recycled materials in the USA. At Rotoluxe we use only the greenest, energy efficient lighting sources and parts in our manufacturing process. Our stands use long lasting fluorescent or LED lighting. They also come in eight colors. Standard unlit units are available as well.

Please contact us at Rotoluxe for pricing, questions and to order.
